Dear Guests,  
our K.u.K. Kaffeehaus is existing since March 2009.

The name (k.u.k.) is a wordplay from the Austro-Hungarian monarchy from the 1867<sup>th</sup>. The first k. (imperial) stood as a symbol of the title of the Emperor of Austria, the second k. (Royal) is for the title of the Apostolic King of Hungary the monarch from the House of Habsburg-Lorraine. A k.u.k. purveyor was delivered in the Austro-Hungarian Dual Monarchy a service provider or distributor who had carried an imperial privilege, a special permit for its goods to the court. These titles were obtained only if one has been the quality leader in its industry. The title was also a hallmark of the highest class and distinction. This is what we are trying to recreate for you.

The K.u.K. Kaffeehaus was designed with attention to details - with Franzl and Sissi watching over us, whether everything goes as planned. Your dining pleasure is also provided. Just enjoy and continue reading.
